

Discounted Counseling

Please note the following items:

(1) For the convenience of Denver Seminary students, the Student Life Department provides this list of area counselors/therapists who have indicated to the Seminary that they are willing to offer their services to Seminary students at a reduced cost. In providing this list, Denver Seminary is not giving medical advice, making referrals, or making recommendations about individual area providers included on the list.

(2) Students on Medicaid are required to see only Medicaid providers. It is against federal law for counselors who do not accept Medicaid to see a client on Medicaid. If you are on Medicaid, please see the section specific to Medicaid providers or find a provider here: healthfirstcolorado.com/find-doctors/

(3) Clinical Mental Health Counseling students are required to meet with a counselor as part of their program. This counselor must hold one of the following licenses: LPC, LCSW, LMFT, or Licensed Psychologist. If you are a counseling student, please be aware that you are choosing a provider from this list at your own risk. Please refer to the Personal Formation manual for more information about the Personal Counseling Requirement.

(4) The Seminary encourages students to make their own decisions about whether a provider is a good option for them and can provide the particular services that a student may seek.

(5) The Student Life Department does our best to make sure information is up-to-date, however, information for each individual provider may change without our knowledge – to include pricing information.

Table of Contents

Licensed Professionals p. 3 - 7

Unlicensed Professionals p. 8 - 9

Christian Counselors of Color p. 10 - 12

Counseling Centers and Life Coaches p. 12

Licensed Professionals

A Licensed Clinical Social Worker (LCSW), a Licensed Marriage and Family Therapist (LMFT), and a Licensed Professional Counselor (LPC) must hold a master's degree in their profession and have at least two years of post-masters supervision. A Licensed Psychologist must hold a doctorate degree in psychology and have at least one year of post-doctoral supervision.
